THANKSGIVING PROCLAMATION.
The President Appoints Thursday,
November 28th.
By the President of the United States—A Procla-
mation:
The recurrence of that season at which it is
the habit of our people to make devout and pub-
lic confession of their constant dependence on
Divine favor for all good gifts of life and hap-
piness, and of public peace and prosperity, as ex-
hibited in the record of the year, the abundant
reasons for our gratitude and thanksgiving, the
exuberant harvests, the productive mines, ample
crops, of the staples of trade and manufacture,
which have enriched the country; the length and
breadth of the land, under the control of the
favor of Providence, have given to the institu-
tions of domestic and foreign commerce, pros-
perity and abundance; the peace and tranquility
which have prevailed, and the institutions of
liberty and justice which the wisdom and virtue
of our fathers established, remain the glory
and the defense of their children. The general
nation may rejoice in the unity of spirit in our
people by which they cheerfully share in an-
other's burdens.
Now, therefore, I, Rutherford B. Hayes, President
of the United States, do appoint Thursday, the
28th day of November next, as a day of National
thanksgiving and prayer, and earnestly recom-
mend that, without distinction of sect or
color, and without distinction of social
rank, the people of the United States do meet
together on that day in their respective
places of worship, to give thanks and praise
to Almighty God for His mercies, and to devoutly
beseech His continuance.
In witness whereof, I have hereunto set my
hand and caused the seal of the United States to
be affixed. Donec at the City of Washington, this
25th day of October, in the year of our Lord, one
thousand eight hundred and seventy-eight, and
the independence of the United States one hun-
dred and third.

R. B. HAYES.
By the President,
Wm. M. Evans, Secretary of State.
The Republicans gained eight congress-
men in the State of New York at the re-
cent election.
Doolittle to Jimmie—"My son, my son,
why art thou forsaken?" Parker to Stew-
art—"My money, my money, how much
thou hast taken!"
Governor Blue Jeans Williams, of Indi-
ana, is fast gaining the political influence
of the population in the State prison. He
averages about one pardon a day, and it
seems as if he will keep it up until the
next State election.
It seems that Ben Butler did carry
nearly all the Democratic party of Massa-
chusetts in his pocket. Out of a total vote
in the State of 250,000, Abbott, the regular
Democratic nominee for Governor, re-
ceived less than 10,000 votes while Ben's
vote ran up to 110,000.
Gold still lingers at out-epoch of ore
per cent, premium, and Doolittle can't
understand why it don't go up, when he
has given his word that with the approach
of resumption gold must go up. Has it
come to this that neither the gold market
nor the people will obey such a man as
Judge Doolittle?
There is a bare possibility that Dr. De
La Matyr, the Greenback member of Con-
gress in Indiana, may elect a President
himself, should the choice of President de-
volve upon the House of Representatives.
The delegation of his State will stand 6
Republicans, 6 Democrats, and 1 Green-
backer. Tilden thinks his bar'll
fetch him.
The latest election returns from the
State, and which definitely settle the com-
plexion of the Legislature, make the Sen-
ate 24 Republicans and 9 Democrats,
again of 3 for the Republicans. The
Assembly stands 6 Republicans, 24 Dem-
ocrats and 10 Greenbackers, a Republican
gain of 21 members. This will give the
Republicans on joint ballot 47 majority.
The New York police force is becoming
notorious. The question which is very
proper to ask is, "how much does it want
to restore the body of A. T. Stewart?" That
it does not know anything of the where-
abouts of the body is a point which men
of common sense won't for a moment be-
lieve. The New York policemen should
not attempt to excel the Chicago force.
It appears from the returns that Con-
gressman Humphrey's majority has been
considerably reduced as compared with
that of two years ago. Why should this
be so in a district which is Republican by
nearly seven thousand majority? A strong
influence which tended to reduce
Humphrey's majority was his vote favor-
ing the repeal of the resumption act. He
afterwards attempted to set himself right,
but when the blunder had been committed,
an apology or an explanation would not
satisfy his political friends, and hence his
decreased majority. In times like these it
behoves every man to stand firm for resump-
tion and sound money, and he who
wavers will be condemned by the people.
The political victors in Boston, recently
met to have a jollification, at which many
of the prominent Republicans attended.
Governor-elect Talbot was there and made
a neat speech which contained some ex-
cellent thoughts, and which are worthy of
being heeded by the Republican party of
Wisconsin. He said: "It seems to me,
gentlemen, that the 110,000 votes given for
our opponent should be an admonition to
the party in power, no matter how strong
they are, that effort should be made to sat-
isfy the people; that that party is deter-
mined to be economical in all transactions;
that every effort should be made to curtail
the public expenses, and that this element
of dissatisfaction that has taken hold of the
people should be taken out of politics. I
think it is the duty now of the Republican
party to bring the State expenses down to
a peace basis, as near as possible down to
the expenses which existed previous to the
war."
The victory recently gained by the ad-
vocates of honest money has had a marked
influence on the sale of the bonds of the
Government, which shows that when pub-
lic confidence is thoroughly re-established
there will be an increased activity in the

money markets of the country. The Amer-
ican Exchange, the leading financial jour-
nal of New York City, says: "Dealers in
Government securities report that since
the election the sale of United States bonds
has greatly increased. The result of the
election is regarded by business men and
financial institutions as favorable to honest
money and the maintenance of the public
faith. The transactions at the First Na-
tional Bank alone, since Tuesday, have
amounted to about \$7,000,000, making a
total business in all classes of Government
bonds of \$14,000,000 in a week. Heavy
orders have been received from savings
banks and insurance companies, one sav-
ings bank in this city alone taking \$500,-
000 bonds."

nancial Question.**

marks of several other present, very com-

plimentary to Mrs. Stone and the good she

has accomplished, the President, in behalf

of the Society, presented a fine gold watch

and purse to Mrs. Stone.

Mrs. Stone's remarks were offered in her

quiet, pleasing manner, thanked them

heartily and gave a short account of some

of the struggles she had been through.

She said: "Sixty years ago my mother

was feeling sorry that a girl was born to

her instead of a boy, for a girl's life was

much harder than a boy's in that day, but

my dear friends, I have thanked God many

a time since that I was born a girl. How-

ever, the work I have done, has been done

simply because I could not help it. It has

burned in my soul, ever since I was

old enough to read in the Bible that pas-

sage the husband shall rule over her, even

as the Lord God put me down like that,

there was no use in trying to live, but the

Golden Rule came to my relief. It showed

me that it was the only law for either

woman or man. As long ago as I was

impressed by those Biblical sayings, just

as long ago as I made a pledge, to help

women, and dear friends and co-workers,

I hope this watch may tick away many

more years of usefulness."

Mrs. Stone mentioned

how many times during her younger days

she had tucked up her own handkerchiefs

and around the last hole to pay the ex-

cesses. "I was sometimes after Mrs. Stone

began to lecture before she would ever

take a fee at the door, for fear 'twould

keep some one away who ought to hear."

After a few remarks by Miss May, as

pointed and witty as she always makes,

refreshments were served and the singing of

an "Ode to a Stone," written for the oc-

casión, the company dispersed, all feeling

they had passed an evening of the purest

enjoyment.

Now, young ladies, why cannot you of

Janesville send out workers to this cause

of justice to man, woman, and child? If

we could only realize how much the happiness

of the future depends upon the stand we

take as young ladies, I think we would

be more zealous in our work.

Thanks to the Lucy Stone's way is

much easier than was our mothers, but

they are still plenty to accomplish. Many

of the gates are open, but some still creak

and grind upon their hinges as if 'twere

very painful for them to swing back.

Of young ladies, it depends upon us, but

the present generation to push them go far

back they cannot swing to, and keep the

next generation back. Some of these hinges

have grown very, very rusty

and they are hard to start,

but if we strive to become more cultured

and noble by doing our each and every duty

as best we may, before we are able to it

our attainments will have oiled every

hinge so that the gates shall swing by the

least touch, and men and women will seek

God hand in hand.

The practical question is, why cannot

young ladies of Janesville, Wisconsin,

organize a branch Women's Club as many

cities have already followed Boston's ex-

ample, and take up questions for discussion

where you feel yourselves not deficient?

Young ladies, it is our right, our inalienable

right to find out why we, arrived at the age

of twenty-one, and possessed of an average

amount of common sense, must stand back

MILTON.

Milton house arrivals last week: Will
Ludwig, Broadhead; George Coddling,
Waukegan; David Thorne, Bait; Silas
Mark; Monte, Canada; C. H. Banks,
Edgerton; William Harvey, Johnston;
J. J. Wheeler, Mason City, Iowa; F. M.
Sarr, Chicago; George Smith and lady,
Waukegan; Fred P. Smith, Madison; R. P.
Cook, Coldwater, Mich.; C. E. Wing, Edg-
erton; W. A. Hayner and family, and N. A.
Hayner and wife, Iowa; H. H. Bennington,
Kansas City, Mo.; Sarah Jones, Janesville;
"Notion" Brown, Freeport, Ill.; W. W.
Davis, Collinsville, Ill.; I. A. Bullard,
Evanville; W. C. Squires and lady, Pal-
myra; Thomas Stevens, Evansville.

James H. Kelly, of the general freight
agent's office, C. M. & St. Paul R. R., Mil-
waukee, was in town Saturday, shaking
hands with old friends.

Mrs. W. P. Ferris has rented the Mor-
tion house located back of the Congrega-
tional parsonage.

The week of prayer is being observed
here. The first session was held at the
Congregational church Sunday evening,
and during the remainder of the week will
be held at the Davis room of College
building. The meetings are in charge of
the College Christian Association.

J. C. Burdick shipped his patent
punches to parties in Charleston, South
Carolina, and Tallahassee, Florida, last
week. This is an evidence that the South-
erners are beginning to appreciate Yankee
inventions and will even buy them of Mil-
ton radicals rather than plod along in the
old way.

The entertainment at College Chapel
this (Thursday) evening under the auspices
of the College Contest Association, is emi-
nently worthy of patronage. The literary
exercises are alone worth the price of
admission, and the force of the "Deceiver
or Deceived," no one can afford to miss.
The supper, which will be served at the
close of the entertainment, will be a feast
of good things. Don't you forget it.

Last Tuesday night a young man fired
his revolver, while standing in front of
Mrs. Cole's bakery. The bullet went
through the front window of the building,
struck the wall about two feet from Mrs.
Cole's head. The fellow who did the
shooting has not been lynched, and un-
doubtedly will exclaim, "I didn't know it
was loaded."

A Republican gain of fifteen, on a
light vote, in Milton, is the way in which
Milton was redeemed, Mr. Times. Only
fifty-four Democrats and Greenbackers
were found who could swallow the straight
ticket.

Williams received a large quantity of
York State apples, last week.

All honor to Milton Democrats who
refused to respond to the crack of the flat
whip, and voted for their first love, honest
money.

The November number of the College
Journal, which appears this week, will be
one of the most interesting and able num-
bers that has been issued. The editorial
department is noticeably improved.

Remember the entertainment at Col-
lege Chapel this (Thursday) evening.
The "Deceiver or Deceived," is a very in-
teresting little play, and the literary exer-
cises no one can afford to miss hearing.

A. W. Baldwin received the largest
majority, in Milton, of any candidate on
the ticket. That's just as it should be, and
always will be.

The friends and old-time neighbors of
Hon. L. B. Caswell in this locality, rejoice
over his reelection by so large a majority
and tender their hearty congratulations.

Do not forget that the College reading
room is in full blast, and that donations of
periodicals are always acceptable.

The flour manufactured at the Union
Mills giving good satisfaction. "Vin-
cent" knows how to make it.

M. W. Crumb's auction, was liberally
patronized, and the property was all sold
at fair prices.

The compositor made us say "Mrs.
Bord," when we wrote Miss Bord.

Tracy McCracken was in town last
week, taking a vacation.

Greenbackers are about the scarcest
commodity to be found in this locality.
They "cuss" honest money Republicans
and Democrats with a vehemence worthy
of a better cause.

If we remember correctly the flat
prospects were going to have Gardner
beaten, in this District, but you can't find
any of them now.

Thousands of bushels of corn were
divested of husks last week by the farmer
lads of Milton. The corn crop is immense
and of first class quality.

Last Thursday Mr. John Alexander
weighed his year old steers, to see
what they called attention not long since.
The three weighed four thousand pounds,
an average of 1,333 1/3 pounds. The king of
the bunch weighed fourteen hundred and
fifty pounds and is the best two year old
that Milton ever produced, and for that
matter we doubt if there is a better one in
the State. We stated in our previous item
that these steers had not been fed grain
but some wise men doubted the statement.
Mr. Alexander says that since the steers
were five months old not a handful of
grain has been fed them until the middle
of last month when they began to
fatten on clover hay. Since that time
they have gained 160 pounds. Mr. Alex-
ander is a believer in the doctrine that cat-
tle which are to be wintered and then put
on grass the following summer should not
be "grained" and did intend to keep his
steers another year he would not feed any
grain this winter. We claim that he has
the best two year old in Rock county and
that the above statement as to feeding is
founded on the solid rock of facts. The, "I
don't believe it" of those who know nothing
to the contrary will have no weight
with those who know Mr. Alexander.

C. E. Wing, of Edgerton, has rented
the building recently occupied by Water-
man and will put in a stock of goods at an
early day we are informed.

Mr. and Mrs. A. G. Saunders, of Brod-
head, arrived in town last Thursday. Mr.
Saunders will teach this winter in Jef-
ferson county.

The Band has been reorganized and a
number of new players added and intends
to meet for practice once in two weeks.
New music has been ordered and the boys
are inclined to keep up their organization.

The occupants of two westward bound
"parlor schooners" made the Milton
House their headquarters Thursday night.

Mrs. Heritage, late of Edgerton, has
moved into Mrs. Fuller's house, and will
make this village her home in order to en-
able her daughter to attend College.

"The Deceiver or Deceived," at College
Chapel, this (Thursday) evening. Take it
in, and you'll never regret it.

Bullard, of Evansville, bought a quan-
tity of "muttons" in this locality last
week.

Prot J. M. Stillman mailed twelve live
hundred chickens from this office last
week.

Gardner Hall was dangerously ill last
Saturday, having an acute attack of his old
complaint, but is better at the present time
of writing.

A new time card took effect on this
division of the State. The
Milwaukee freight now leaves for Janesville
at 11:55 a. m., and Rock's train at 1:05 p.
m. Patrons of these trains should bear
these changes in mind.

The shipments of live hogs from this
station last week aggregated five car loads.
McNitt & Co. shipped three, Williams &
Co. one, and Davidson Bros. one. The
market at the close of the week was dull
and weak and prices ranged at \$2.40 to
\$2.50. Competition alone makes prices as
high as they are, the Milwaukee and Chi-
cago markets not warranting our shippers

in paying over \$2.35 for the best hogs. Up
to the present time shippers have not made
any money, not even a dollar a day for the
time spent.

The parishioners and friends of Rev.
Mr. Edgely and family made him a round
surprise party at the parsonage Saturday
evening. The attendance was very large
and the "pounds" numerous and valuable,
and in its social aspect the gathering was
an eminent success.

Mr. Kingsley, of Dane county, is in
town visiting his brother-in-law A. R.
Kingsley.

On Friday Miss Smart, a student in
the college, was attacked with brain fever,
in a violent form and for a day or two
there was little hope of her recovery, but
at present writing she is better. Doctor
Borden is attending her.

Carpenters in the employ of the St.
Paul Company are engaged in planking
the stock yard at this station.

SAFETY LAMP. COMMON LAMP.
The picture on the right fairly illustrates one
of the many accidents daily happening with com-
mon lamps. No family using the ordinary Ker-
oseene lamp is safe against such accidents. The
picture on the left shows the different result when
the AUTOMATIC SAFETY LAMP is used. No
father or mother should risk the lives of their
children by using any other. It saves life and
prevents accident by fire to person or property.

BRIEFLETS.

Pleasant.
The militiamen are anxious.
The water works question is still on the boards.
The manufacturing interest of the city are prospering.
Make ready for giving thanks and remember the poor.
Mr. S. Trulson is soon to build for himself a new residence in the First ward.
Hon. S. U. Pinney, of Madison, is in the city, having business in the Circuit Court.
Do not forget that Prof. Seyerance's dancing school will commence to-morrow evening, at Apollo hall.
Deacon Kelly is putting in the foundation of a new house, on Lincoln street—opposite Judge Wickham's.
Mrs. Pickering, living in the Fourth ward, is very dangerously sick, and little hopes of her recovery are entertained.
Dr. O'Leary will lecture at the Opera House to-night on "The Eye, Ear and Skin." No admission will be charged.
The Janesville matrimonial market is growing lively. The other day a woman was divorced and married again the same day.
The Opera house was crowded to overflowing last night to hear Dr. O'Leary lecture. Many could not gain admission, to say nothing of getting seats.
The work on the new building in the rear of Ford's block next to the postoffice has commenced. David Jeffris has the contract for building the same.
The delivery windows at the postoffice will on and after to-day be thrown open at 8 o'clock in the morning, instead of 7:30. Cause of the change, short days.
Quartermaster General George E. Bryant, arrived this afternoon from Madison, and will inspect the Veterans and Guards this evening at their armories.
George Erwin, who was charged with picking up and not returning the \$55 lost by Mrs. Clitty, was before Justice Pritchard, yesterday, and on being examined, was discharged.
The City Council was to have met in regular session last evening but for some reason no quorum could be secured, and hence the gas was turned out, and the few faithful ones scattered.
Miss Battle gave a musical recital at her rooms last evening assisted by Miss Waldo, Miss Ada Wheeler, Miss Fannie Sheldon, Miss Jennie Jeffris, Miss Treat, Miss Annie Haire, and Miss Viola Anderson.
A young man giving his name as John Shaw, was this afternoon nabbed as he was walking off with an overcoat which he stole from in front of R. M. Bostwick's clothing house. He was given by Justice Pritchard sixty days at hard labor.
In another part of this paper we gladly give space to a letter penned by a young lady now in Boston, who gives an interesting account of the opening meeting of the New England Woman's Club, and who also speaks some earnest words to the young ladies of Janesville, with many of whom she is well acquainted. The letter will be perused with interest.
The employees of the Wisconsin Shoe Factory yesterday afternoon happily surprised their Superintendent O. C. Ellis by presenting him with an ebony cane with a gold head bearing an appropriate inscription. Mr. Farr acted as spokesman in behalf of his fellow employees. The testimonial was worthily bestowed, and is an indication of the friendly feelings which bind together those working within the same walls.
The daily meetings of the Y. M. C. A. during this week commence at 9 o'clock, the usual time, but continue an hour instead of half an hour. Those who cannot remain during the hour are invited to be present during any part of it. Elder Stowe led the meeting this morning, and Rev. Mr. Chappell will lead to-morrow morning. The subject for to-morrow is "Something stronger than the strength of young men."
The Round Table will open its season next Saturday evening in Room 2, Mitchell's block. The subject of the evening study is "King Lear." The programme embraces analysis of the play, character of Lear, the play as a work of art, great actors, choice passages, questions and conversation. Rev. T. W. MacLean, B. F. Dunwiddie, Prof. Van Cleave, Miss A. H. Hobart, O. H. Fethers, and others will participate. A cordial invitation is extended to all lovers of literary study.
The "ghost" show, which mystified so many, and which has now left the city new fields of conquest, is nothing but a repetition of the old Pepper's ghost, which has been familiar to scientific men for years, it being simply the result of reflections made by a piece of plate glass. Anyone who will examine the reflections in any show window, can readily find an explanation for all the apparent mysteries. With this hint almost anyone can solve all their perplexities, if they have any in regard to the "ghost" show.
Besides the other work arranged for the winter by the Mutual Improvers, is a series of Saturday afternoon studies. The programme has been arranged, and will consist of ten parlor lectures, including four studies of Thackeray by Horace McKelroy, Hawthorne's Scarlet Letter, by B. F. Dunwiddie, Life and Works of Froebel, by Miss Daniels. The ladies are to present studies on various poets, and a committee has been appointed to take charge of this work, they being Mrs. Dr. Butler, Mrs. Charles Hodgson, Mrs. S. C. L. Jones, Mrs. H. D. McKinney, Mrs. C. R. Palmer, Mrs. F. F. Stevens, and Mrs. George Strunk.
A team belonging to N. Parker started on the run yesterday afternoon, and made a grand raid through the business streets. They broke the reach of a farmer's wagon on West Milwaukee street. Near Dodge & Buchholz they scraped a new wagon. A one-horse wagon belonging to Mr. Burke in front of the American house was badly wrecked. A buggy belonging to

Towle the liveryman, was smashed on Bluff street. The team took a whirl down Main street in search of more rigs to wreck and on reaching the brewery became discouraged and quit for want of breath. The wagon to which they were attached was only slightly damaged. No lives lost.

CIRCUIT COURT CRUMBS.

In the Circuit Court to-day the case of Brown vs. Wilcox is receiving attention, it being a civil suit brought to recover damages for an assault, out of which a criminal prosecution has also been born. Brown in the justice court got a verdict of \$300 for damages to his physical make-up, and Wilcox appealed it.
Young Lee, charged with burglarizing Lawrence & Atwood's store has secured a change of venue to Waukesha county.
Frank Fellows' case has been sent to Walworth county, on his asking for a change of venue.

OPENING AT MOSELEY'S.

To-morrow evening Moseley will have an opening which all should attend. He has received a large stock of elegant holiday goods, besides many new goods in the regular line of books, stationery, etc., and this will be the first opportunity offered for the public to inspect the many things of beauty which he has secured for his holiday trade. Fitch, the hatter, who is with him, will also show up a large and complete line of furs and fur trimmings, as well as hats, caps, and gents' furnishings goods as can be found in this part of the country. The opening will thus prove of double interest, and all who can should accept the general and special invitation to be present.

THE COUNTY BOARD.

The County Board of Supervisors held their annual meeting this afternoon, C. C. Keeler, the Chairman, presiding.
Most of the afternoon was spent in considering and disposing of matters of minor importance.
The official bonds of the county officers elect were by resolution fixed as follows: Treasurer \$170,000, Clerk \$5,000, Clerk of Court \$5,000, Surveyor \$1,000, Register of Deeds \$3,000.
The report of the Committee on Claims was made the special order of business to-morrow morning at 9 o'clock.

PERFECTION OF QUARTETTING.

Next Thursday evening there will be one of the best musical entertainments which it has been the privilege of Janesville folk to enjoy for many a day, it being the Swedish Lady Vocal Quartet, at the Opera house. The Brooklyn Daily Union says: "A large and fashionable audience gathered in Plymouth church last evening. At the close of the first song by the Swedish Ladies' Quartet they received a perfect torrent of spontaneous applause, continued until an encore was granted. Their triumph was most signal and complete, and the audience was reluctant to let them go." Seats can now be secured by applying to Moseley.

THE BOYS IN BLUE.

This afternoon the militiamen showed themselves in daylight, armed and equipped, for the first time since their organization. They marched from their armories to the depot and there met Quartermaster General Bryant, who is to inspect them this evening. The rattle of drums, the waving of flags, and the showing of military trappings, reminded one of the days of war. The boys marched well, and showed that their hours of drill have been well improved. They met General Bryant at the depot, and escorted him to the Myers house and then marched to their respective armories.
The inspection will take place at the armories this evening. General Bryant will remain the guest of Dr. Horne until to-morrow, when he will go to Beloit and from thence will go to Madison.

PLANS OF THE GUARDS.

The Janesville Guards are arranging for a social party at Apollo hall on Friday evening, November 22, and promise to make it the most noisy and enjoyable dance of the season. Anderson's band is engaged to furnish music, and the hall is to be elaborately decorated in military style with flags, and all the accoutrements of the Company. The object is not only to have a really enjoyable social season, but to raise funds for purchasing uniforms. The Guards intend to get such uniforms as will be a credit to the organization and to the city, and in order to do this, an expenditure of between \$30 and \$50 a man will be needed. To meet this the Guards will necessarily rely largely on the generosity of the citizens, and it is hoped that they will receive a liberal patronage and support. The boys put in their own time and work in organizing, drilling, and in case of need, promise to risk their own safety in protecting others, so that their claim upon the generous support of citizens is well founded. All who attend their social hop will more than get their money's worth, and at the same time help along a good cause.

FIVE AND TWENTY YEARS.

Last evening the silver wedding of Mr. and Mrs. John Ehringer called together a large number of friends at Eble's hall, where every possible arrangement for the comfort and pleasure of those present was provided. After opportunity had been given for all to greet those in whose honor the gathering was held, Mr. and Mrs. Ehringer took their places at one end of the hall and were addressed by Rev. Jenk L. Jones, who in behalf of the many friends there assembled gave them kindly greetings and the best of well wishes, and presented them with the gifts which became the respect and esteem in which the friends held the recipients. The presents were numerous and rich, and were deservedly bestowed. A bountiful banquet was spread and a merry dance closed the festivities of the evening. The occasion was throughout one of great enjoyability, and was widely participated in by many friends who thus found an opportunity to express their great regard for Mr. and Mrs. Ehringer. It proved a happy occasion for all, and the well wishes which go

out for the future prosperity and happiness of this worthy couple, are most sincere and unanimous throughout their large circle of friends and acquaintances.

DEATH OF MRS. STEPHEN.

The Daily Herald, of Clinton, Iowa, contains the following details of the death of Mrs. Stephen. Many of our citizens will remember both Mr. and Mrs. Stephen, as they were for several years connected with the Institute for the Blind in this city:
The sad intelligence was received here this morning of the death on the 5th, at Ulysses, Butler county, Nebraska, of Mrs. Stephen, who was fatally burned while fighting a prairie fire that threatened to consume her home. Mrs. Stephen's parents reside in Erie, Whiteside county, Illinois. Deceased had many friends here, who mourn her untimely and sudden death with sympathy to the bereaved husband.
But few details of the terrible accident which befell Mrs. Stephen have been received. Mr. and Mrs. Stephen had both been fighting the fire, which had been, as supposed, entirely subdued. Mr. Stephen then went to help a neighbor whose home was in peril, and while absent the insidious fire crept toward his own residence again and was discovered by Mrs. Stephen, who bearing down towards their home, she hastened to beat it back with a broom and in the attempt her clothes caught on fire. She at first tried to put out the blaze, and not succeeding ran to the river near by and jumped in, at a shallow point to quench the flames. She was so badly burned and so exhausted, however, that had not a neighbor who was passing seen her dilemma she would probably have drowned. He ran to her assistance and carried her to her home where she was placed under the influence of chloroform and given medical skill and all possible attention, but with only temporary success, her injuries being so serious that she survived the accident but four days.

Ladies and Gents will always find the nicest and cheapest Box and Staple Stationery in the city and Sutherland's Bookstore, No 29 Main street.

A. O'LEARY, M. D.,

Popular Lecturer on Anatomy, Physiology and Hygiene, and author of various works on Health and Disease, devotes four hours of every day, from 2 to 6 P. M., during his stay in the city, to the treatment of Chronic Diseases. He does not travel to practise medicine, but to deliver the lectures—a pleasant and reasonably profitable business. Those who hear him, and who have heard him, on and off for twenty-five years, and who know of his very extensive experience, desire to avail themselves of it. He extends this opportunity. The early day he devotes to correspondence and treatment of patients abroad, from Prince Edward Island to California, many of whom he never saw, but who consult him because advised to do so by their friends. He treats only Chronic Diseases—mainly those given up as hopeless by settled physicians, as Catarrhal Affections, Bronchitis, Asthma, Consumption.

By Medicated Inhalations,

The only rational method of treating Diseases of the Air Passages. Of course the vapors must be varied as the diseases, yet many physicians where the doctor has lectured often and used them widely, try to imitate them, but the result is often disappointing. Like all other remedies, they must be used judiciously, and it requires much experience to know how to do that. For many years, Dr. O'Leary's name, more than any other, has been identified with inhalations. Few physicians know how to treat the above maladies, that are daily destroying thousands of the finest and best. Their art is exhausted in Cod Liver Oil, Whiskey, Cough Drops and Plasters. Helpless as children, they stand by and see their patients go down, or send them off to die. And yet these diseases are easily cured, none more so, when treated wisely and in time. Equally powerless are they in the management of Dyspepsia, Heart Disease, Affections of the Liver, Bright's Disease, Dropsy and Rheumatism. They send their patients to the Hot Springs and far off lands, on journeys to and fro, to little or no good. All these are easily cured at home, if treated in time and one knows how.

Dr. O'Leary's Great Success
In their management he attributes to his long and careful study of the laws of health, to which few physicians pay any attention, but eat, drink, smoke, chew as do others; suffer from illness as commonly, and are not ashamed of it, die as young. They never warn their patients against eating Rheumatism, Disease of Heart or Liver, drinking Bright's Disease or Dropsy, or breathing Consumption. How should they, when they know little or nothing about it themselves? But he who lectures upon it every night, before large and critical audiences, studies it every hour of the day, discusses it with every one, talks and thinks of scarcely anything else, surely ought to know something about it. With all this experience, for over a quarter of a century, in all parts of this country, and in England and Scotland, after a thorough medical education, and a supplementary course in Paris, and the ability to draw and hold such audiences as he does, of the best thinkers of every city, for weeks at a time, a singular mind must be he if he did not attain a degree of success rarely reached by the common-place physician. Traveling Doctor? There is not a Doctor on the continent but would travel if he could secure such houses and such income from them—an income that enables Dr. O'Leary to treat his patients at comparatively inexpensive rates—no doubt one reason why he treats such an immense number. He has

many thousands of letters, fresh from grateful hearts, speaking of recovery from diseases given up by others. He hears many times a day the same old story: they had tried Dr. this and Dr. that—every one they could hear of—and to no good; had paid out all they had or could earn, and are no better, and are utterly discouraged—despair of ever getting well. That is the material that comes to his hands. These letters show the result. The afflicted may find it worth while to look at some of them. They speak of cures of the different diseases named above. Also of Deafness and Dullness of Hearing, Discharging Ears, Noises in the Head, and Sore Eyes. It is painful to see how these are generally treated—burnt out with caustic eye-waters that would madden the healthiest eye. Not a word as to diet, dress, bath. There is more blindness caused by such eye-waters and burnings with blue-stone and silver, than by disease. Dr. O'Leary straightens cross-eyes, removes Cataract, Tumors, Warts, Moles, Mothers' Marks, closes Harelips, and corrects many defects and deformities that require the finest surgical skill, and new and improved instruments and remedies, of which he keeps a constant supply on hand, trusting no drug that he does not know to be the best of its kind.

He treats very successfully Nervous Diseases, Neuralgia, Rheumatism, Headaches, Mental Derangements, Hysteria, Diseases of Women, all Chronic Diseases that other physicians despair of or neglect, because they can do nothing for them.

Traveling only to lecture—leaving a very heavy practice at home—soon as the lectures are done, he goes, no matter who may desire to consult him. He cannot stay for practice. Free Private Consultation daily, 2 to 6 P. M.
